

PMSS have been offering cost effective solutions to the NHS for over 30 years.

So much more than just a label company

PMSS have offered quality product solutions to the NHS for over 30 years.

PMSS Sticky Notes are the ideal way of getting the message across.

Printed Sticky Notes, in a range of bright flourescent colours, will allow ward staff instant visual feedback on the hygiene status of the equipment on their ward.

Applied after cleaning to equipment such as commodes, bed frames and drip stands, the tag is signed and dated to offer a simple but highly effective

audit trail to ensure hygiene procedures are met. These low tack notes can easily be removed without leaving any adhesive residue on the equipment. The above two designs are available from stock in size 75mm x 75mm. Other bespoke sizes are available with your choice of text for a minimum order quantity of 250 pads.

The Sticky Notes are the latest addition to the range that we have introduced to assist Infection Control Teams and Estate Departments to meet and exceed their hygiene objectives.
