

PM Labels Limited; offering labelling and wristband solutions to the National Health Service

So much more than just a label company

PM Labels have offered quality product solutions to the NHS for over 25 years.

The addition of Case Note Folders to the range further extends our product offering to the Medical Records Departments.

Each requirement varies greatly depending on the expected lifespan of the folder.

The thickness of board, number of dividers, type of clip, pockets and overlamination can all be specified to meet your needs.

Each folder can be personalised using unique barcode labels. This offers a higher level of security and greatly reduces the risk of the wrong notes being used.

Our 3 part quality Medi clip ensures the file remains securely fastened and prevents notes becoming lost.

We offer quality mount sheets that can be punched and included in the file along with self adhesive clear pockets and Treasury Tags.

To complete the list of options we also supply Year labels in rolls of 1000.
